

## **HD ANALYZER TEST**

Iunderstand that	t in order to offer
the most complete care and allow my physician to	
formulate a more comprehensive diagnosis, there is a	
recommendation that I have a high definition scan of my	
eye. This test is not billable to my insurance and as such	
will be billed to me. The cost is \$60.00 and includes a	
scan of each eye as well as the interpretation of the	
results. It is highly recommended that this test be	
performed in order to assess your options.
